YELLOW BIN

for packaging waste

- From 2021 yellow sacks will be replaced by a free yellow bin. Yellow bags will then no longer be collected!
- All properties in Saarbrücken will automatically receive a yellow bin by the end of 2020.
- The yellow bin is emptied every 14 days. Residents must set up the bin on the day of collection by 6 a.m. at the latest and put it back after it has been emptied.
- The collection dates will be available from January 2, 2021 at www.zke-sb.de/abfuhrtermine
- The orange recycling bin will no longer exist as of 2021.
 Metals and plastics can be disposed of in the ZKE recycling center.

All **sales packaging waste** made of metal, composite materials and plastic belongs in the yellow bin.

YES, this **PACKAGING WASTE** is allowed in:

✓ METAL food cans, beverage cans, aluminum lids, aluminum foil

✓ COMPOSITE MATERIALS
